Begin your visit to Lockport at the interactive Erie Canal Discovery Center and go back in time to the 1800s construction period of the canal. Enjoy hands-on exhibits and follow the traces of Lockport's "Canawlers" before departing for your own tour of the Locks District and the famous Lockport Locks themselves.

Tour the historic Riley's Way and learn about the Lock District, or relax with a narrated cruise aboard the "Lockview V" and receive the full "locking experience being raised the entire elevation of the Niagara Escarpment. Continue your Erie Canal experience with the unique Lockport Cave & Underground Boat Ride and discover the 19th century man-made waterway connecting Albany to Buffalo from a different perspective.

LOCKPORT IS MAINLY KNOWN for two things: Its canal and its seven wineries. At our newest winery, Flight of Five Winery, you can enjoy wines named after the historic Lockport Locks while watching the boats cruise by on the Erie Canal. Then treat yourself to some dessert from Lake Effect Ice Cream, experience the numerous local attractions, or visit Market Street Art Studios' newest exhibitions

Whether you are visiting one of the area wineries, Lake Ontario's recreational waterfront, Buffalo's architectural wonders, or the majesty of Niagara Falls, there is always more to explore - so stay a while.

Flight of Five TOURS, featuring demonstration of the restored manually operated wooden lock gates, are available every Saturday from Memorial Day Weekend through October from 10 AM - 12 PM. Narrated walking tours depart from the Erie Canal Discovery Center at 24 Church St. in downtown Lockport. Reservations and additional information are available by calling 716-439-0431 or by visiting discoverlockport.com.

Private group tours are also available upon request.
